

Todd Lester is a Senior Managing Director with **FTI Consulting's** Forensic & Litigation Consulting segment and member of FTI's Energy Advisory Services practice. His 30 years of experience in complex litigation matters, financial investigations, and compliance issues has focused on multifaceted damage calculations with complex databases. His analysis of quantified damages includes lost profits, diminution of value, incremental costs, unjust enrichment and business failures and span DOJ and SEC inquiries in alleged accounting irregularities and fraud, internal investigations of fraud and employee theft, white-collar criminal defense, civil fraud and breach of fiduciary duty matters, and regulatory and operational assessments for compliance purposes. Mr. Lester earned his BBA, BA in biology, and MBA from The University of Texas, and holds an Accredited Senior Appraiser (ASA) designation in Business and Intangible Asset Valuation from the American Society of Appraisers, and Certified Fraud Examiner (CFE) designation from the Association of Certified Fraud Examiners.
